"I have a friend who had an infection in both of her eyes. The doctors gave her medication, but it only made it worse. The doctors told her that they would have to surgically remove her eyes. I called Daystar for prayer. Shortly after we prayed, my friend went back for a check up. The doctors told her she was healed and didn't need the surgery! Thank you to Daystar's prayer partners for standing in agreement with me for my friend's healing."

HEART FOR THE WORLD

There is something quite beautiful in how the heart functions. It pumps blood throughout the entire body while exchanging carbon dioxide for oxygen. Taking out all the old, unneeded particles, it upgrades to the new, needed ones. If the heart fails to supply what is required, everything else in the body will meet its demise.

This small anatomy lesson also serves as a metaphor for the body of Christ – not just one church, but the Church as a whole. At Daystar, we are proud to be part of this global body. That's why our daily broadcasts include pastors and ministries from all over the world and from many different denominational backgrounds. In addition to our television ministry through which the Gospel is literally being preached to every nation of the world, we're thrilled to report that each year we are able to give away millions of dollars to support outreach and humanitarian efforts that affect people in a tangible way. This year alone we have partnered with ministries like New Water for Women to help female inmates, Restored Hope Network to assist those coming out of a homosexual lifestyle, Canon Andrew White's Foundation for Relief and Reconciliation in the Middle East to maintain a school built for refugee children in Baghdad and many others. We've also been able to give to projects like the Louisiana flood relief and to help Texas tornado victims. Each life that is touched by the love of God through missions' outreach, every heart that is transformed by the message of His grace – it's all because of you! That's what Heart for the World is all about!

During this thrilling week filled with testimonies, live speakers and encouraging messages of hope, thousands of people around the world made the decision to partner with us to reach every soul on earth with the Gospel. We are so thank-

ful for each one of you, and we can't wait to see what we're able to accomplish together for the Kingdom!

During this Heart for the World we had more new guests than ever before, including Jimmy Evans, Dr. Morris Cerullo, Bishop Dwight Pate, Dr. Mark Chironna, Bishop George Bloomer, Pastor Dan Willis and Pastor Shane Perry. They joined the line up with Dr. Juanita Bynum, Pastor Larry Huch, Rabbi Jonathan Cahn and Pastor Jimmy Evans, making for an unforgettable week of programs. We learned everything from new Hebrew words to understanding God's unlimited power through us. As Pastor Mark Chironna reminded us, "If you have a heart for Jesus, you have to have a heart for the world!"

In Matthew 6:10, it says, "Thy Kingdom come. Thy will be done on earth as it is in Heaven." That is why we do what we do – to give the world a little piece of Heaven. Just like the anatomy of our physical hearts, our spiritual hearts work for the same thing. With the help of partners like you, Daystar

is pumping God's love and His Gospel across every mountain, sea and valley. Our programs reach an estimated 33.5 million hearts, so that we can give people the opportunity to exchange their brokenness, hurt or pain for Jesus' mending joy and grace. Just like our physical heart, we believe God wants to take out the old, unneeded and broken pieces and replenish us with new, fresh and healthy ones. And it's through the power of the Holy Spirit this can come to pass.

Each one of you is a blessing, and we pray for you daily. Thank you for standing with us to expand the Kingdom of God into every corner of this earth. Thank you for answering the call. Thank you for sharing our Heart for the World!

DAYSTAR WORLD MISSIONS

ONE on ONE

Personal stories of how God has done the spectacular in people's lives are always some of our favorites to share. There is nothing more exciting and irresistible than a testimony of God's power, goodness, and faithfulness.

Each week, you join us at the table to hear incredible tales of overcoming hardships, as well as hard-hitting topics and insightful teachings, but sometimes a story is so big and riveting that it has us on the edge of our seats. Now, through *Joni One on One*, these special stories come to life through special interviews with Rachel and Rebecca Lamb, photos and more.

To date, we've captured the amazing journeys of individuals who've miraculously been released from prison, been set free from drug addiction and even rowed across the Atlantic Ocean. Who knows where *Joni One on One* will take you next!

So watch out for more new special episodes as we dive deeper into what's possible when God is on your side!

ISRAEL STUDIO UPDATE

Daystar's Jerusalem Studio has been an incredible asset in Israel, allowing Daystar to not only be on air 24/7 throughout all of Israel, but also providing us with the opportunity to film various programs live from the Holy Land.

However, throughout the years since we first opened the Jerusalem Studio, Daystar has grown in leaps and bounds, and we've outgrown the original studio space – so we're renovating!

The renovation began last year with the addition of the beautiful window wall overlooking the picturesque and historical city of Jerusalem. But now, our team is focusing on revamping the entire inside of the studio, including reconfiguring the main studio space, removing walls, redesigning the green room and more. The end result will be a much more open space that will better accommodate Daystar's steady growth.

We're so excited about this renovation and can't wait to show you all the final results! In the meantime, here are some recent pictures of the renovation – and stay tuned for more updates to come from the Holy Land.

Updated Green Room

Imagine waking up every morning on a dirt floor, or what if you had to scavenge for food at the local trash dump? Think about what it would be like to huddle in the corner of a room because you have no heat. Worst of all, what if you went through your whole life never hearing about Jesus?

At this very moment, there are countless individuals living this reality. Some feel alone. Others feel forgotten. They have little hope, and many won't survive the day.

Recently, Daystar broadcast our Heart for the World, and hundreds of thousands gave, not to pay salaries, but to take the light of Christ into every home across the globe.

On behalf of generous partners just like you, Daystar gives millions of dollars each year to ministries and organizations who show God's love to people through Bible teachings, outreaches, feeding programs, medical care, and so much more.

When you sow into Daystar, you're doing more than simply helping broadcast a television signal. You're also touching lives in significant, practical ways, and you're changing someone's present. Through you, God is giving them a hope and a future.

As you continue to support Daystar, know that you are changing the world each and every day.

November 2016

Dear Partners & Friends,

What a great Fall **Heart For The World** we had! There were several first time HFTW guests:

Bishop Dwight Pate
Dr. Morris Cerullo
Pastor Jimmy Evans
Dr. Mark Chironna
Bishop George Bloomer
Pastor Dan Willis
Evangelist Shane Perry

If you pledged during HFTW, I know you are going to love the thank you gift of the **Supernatural Encounters** film produced by our Daystar "Dream Team." So I encourage you to be faithful to your pledge. **"Partners make it Possible"** for Daystar to reach the World!

Rachel Lamb married **Joshua Brown** from Australia on **October 21**. Since so many of our Partners have watched Rachel grow up on TV, we plan to show **The Wedding** later on Daystar as a special. You are going to love it! And do pray for this new, dynamic couple. They are World Changers!

Joni & I, and the Daystar Singers, will be ministering for **Jesse Duplantis** in **New Orleans, Louisiana** on Friday night, **November 11** at 7pm at Covenant Church. And you are invited!

All of the **Lamb Family** love and appreciate you very much. Your "partnership" means so much to us. Through Daystar, you & I are impacting the world and literally fulfilling **"end time" Bible Prophecy** by taking the gospel into all of the homes in **Israel**. Thank you, thank you, thank you!!

Yours For Christian Television,

Marcus D. Lamb
Founder & President, Daystar Television Network

P.S. - Be sure and send me your **Prayer Requests**.

NOV. 18 - Join Joni and her special guests as they continue discussing the rising dangers of vaccinations and the revealing new documentary, **VAXXED!**

"My wedding rings have been lost somewhere in my house for the past 8 or 9 years. I almost lost hope in finding them. I made a pledge to Daystar yesterday during Reverend Pate's segment, and this morning I was shocked! I found my wedding rings! They were in a little grey ring box between my sheets. Only an angel could have placed them there. God is working miracles in my life already!"

Mary from Commerce, GA

"We tried several times to rent out our property, but we were getting discouraged in how difficult it was becoming. After watching Dr. Juanita Bynum on Daystar's Heart for the World, we felt called to sow a seed. A huge praise and thank you to Jesus because now we can finally rent it out! God is faithful."
