*"Thank you for airing conferences such as Pink, Hillsong, Gateway Student, and Love & Hope! As parents of two small ones, there is no way we could attend these conferences in person. It allows us to keep our finger on the pulse of what God is doing all over the globe and through every age group. As a family who never wants to miss out on what God is doing, your coverage is such a great resource and blessing!"*

# BEYOND THE SHEMITAH

WITH RABBI JONATHAN CAHN

**Q: Can you tell us briefly what the Shemitah is, and why it should be important to us?**

**A:** At least up until "The Harbinger" came out, most believers had never heard the word Shemitah, and yet it's one of the most central of God's commands. Every seventh day was the Sabbath Day, but every seventh year was a Sabbath Year – called the Shemitah. During the Shemitah, all sowing and reaping came to a standstill. It was an economic Sabbath for an entire year. And it was a financial Sabbath as well – at the end of the Shemitah, the nation's financial accounts were wiped clean, all debt and credit was wiped away. The Shemitah reminded the nation that all their blessings came from God. And when Israel turned away from God, the Shemitah came back at them, not as a blessing, but as a sign of judgment.

**Q: Is God bound to the pattern of Shemitah?**

**A:** God isn't bound to anything except being who He is! I've always cautioned that we can't put God in a box. He doesn't have to do anything, and nothing has to happen on any set day or time. At the same time though, it is wise to be ready for any eventuality.

**Q: The most recent Shemitah took place in 2015. Did the ancient mystery again manifest?**

**A:** Absolutely, yes. Though some focused on dates and the blood moons, believing something had to happen at a set time, many missed the gigantic picture. The central template of the Shemitah is not simply of a Wall Street day crash, but of a long-term collapse. The Shemitah of 2015 produced the worst year for the stock market in seven years, or since 2008 – the last Shemitah! It saw stock markets around the world collapse, wiping out trillions of dollars from Wall Street to Shanghai. It produced 20% of the greatest day crashes in Wall Street history! It caused the collapse of world trade, commodities, the oil market, global production, the retail industry, profits, earnings, revenue, etc. 2015 ended up being the worst year for making money since the last Shemitah of the Great Depression – 78 years ago! And the impact of the Shemitah of 2015 has continued to shake the world into 2016.

**Q: Where do you believe America is headed?**

**A:** The Shemitah can be translated as "the fall," and the Shemitah of 2015 saw a different kind of fall as well. It was the year that America struck down the order of God, the Biblical definition of marriage. America's apostasy from God has only accelerated, and the harbingers have not stopped appearing.

As it now stands, we are a nation progressing to judgment. We need to pray for revival!

**Q: Can you explain what the Year of Jubilee means historically?**

**A:** Every seventh year was the Shemitah. But every seventh Shemitah, or 49th year, ushered in a super Shemitah we know as the Jubilee. During the Jubilee, the Sabbath of the land, slaves were set free, and everyone who lost their land or their ancestral possession was restored. The Jubilee was the year of restoration. At the end of the book is a chapter entitled "The Mystery of the Seventh Shemitah," and it opens the mystery of the prophetic Jubilee. This mystery has marked the time parameters of some of the most important events of modern times and end-time prophecy. It not only marked the greatest shaking in world history up to that time, the First World

War, but the restoration of the land of Israel to the Jewish people. Then, it marked the Six Day War in which the Jewish people were restored to their ancient city of Jerusalem.

**Q: How can people experience Jubilee in their own lives?**

**A:** All of God's blessings are linked to His will. The most important key to all these things is that you set your heart and life to be in the center of God's will. Whatever is not of God's will, remove it from your life. Whatever is of God's will, get it into your life. And as you walk in God's will, you can stand on His promises. And part of entering your possession in God is to fight the good fight, just as did the generation of Joshua.

**Q: With all that we're seeing in the world today, many people are afraid of what's to come.**

**What would you say to encourage them today?**

**A:** God is in charge of everything, every detail, every bank account, every hair on our head. In Hebrew, the word for safety is "Yeshua," and "Yeshua" is the name of Jesus. The key is to make sure your life is in Yeshua and in His will, and you don't have to fear anything.

**Q: Through Daystar's "Loving the Land" project our partners can receive a deed for a square foot of land in Israel, preserving it as privately owned, agricultural land. How important is that?**

**A:** I think it's a wonderful project. First, it's a very special and unique thing to have a part of the Promised Land. Second, the gift is going most of all to get the Word of God to His ancient people. It's a great combination.

**"The most important key is that you set your heart and life to be in the center of God's will."**

# LOVING THE Land

What would you give for hope? What would you do to secure a future? Could a simple act have a lasting impact for generations? Through Daystar's "Loving the Land" project, you have the power to preserve a piece of the Holy Land for future generations, forever leaving your mark on this land and her people.

By partnering with us through this project, you're taking a stand for Israel and declaring your support of God's chosen people. At this historic moment in time, you can make a substantial difference through this unprecedented opportunity to secure your own plot of land in Israel overlooking the Sea of Galilee. With each parcel saved, you'll reaffirm the Jewish people's connection with the land, and invest in the very thing God promises to bless.

"What I think is beautiful about this particular project is that you not only get your very own piece of Israel that you can actually go and visit, but you are showing the Jewish people that you believe in their right to the land as established in God's covenant with Abraham," said Marcus D. Lamb, founder of Daystar Television Network.

When you give today, you'll also impact other areas of Jewish life, making a difference through our ongoing efforts in Israel like the Daystar House of Hope, an assisted living facility providing care for Holocaust Survivors free of charge.

It's only through the help of partners like you that Daystar can bless the Jewish people in such tangible ways. With your support, Daystar will continue broadcasting the love of God "in Jerusalem, throughout Judea, in Samaria, and to the ends of the earth!"

## The Joy of Easter

Easter is one of the most important days on the Christian calendar, and yet too often we breeze past it without taking the time to stop and really reflect on the true meaning of the day – the death and resurrection of Christ. He didn't have to come and die for our sins, but He chose to, and because of that choice we no longer have to live in the bondage of our sins. Because of His death and resurrection, we get to experience everlasting life with Him!

Romans 6: 6-7 says, "for we know that our old self was crucified with Him so that the body ruled by sin might be done away with, that we should no longer be slaves to sin— because anyone who has died has been set free from sin." It doesn't matter what you've done in the past. When Jesus died on the cross, He paved a way for all of us to throw aside our past mistakes – our old nature – and begin again in Him. Our past sins don't have to define us anymore, but rather our identities are in Him.

Because of His death and resurrection, we now have a hope for the future. This Easter season, remember to reflect on this truth and never forget the wonder of His love for us!

## AN UNFORGETTABLE WEEK

We just wrapped the first Heart for the World of 2016, and it was definitely one of the most memorable on record! And with guests like Benny Hinn, Brian Carn, Rabbi Jonathan Cahn, Robert Morris, Samuel Rodriguez, Bishop Clarence McClendon and Steve Munsey, how could it not be our best event yet? Each one delivered an anointed and timely message for the Body of Christ; and the presence of the Lord was tangible in the studios each night.

Those unforgettable moments from the week include Steve Munsey's illustrated sermon with live animals in the studio, record-breaking downloads of the Daystar App for Apple and Android, the release of the long-awaited musical project "Old Time Revival with Marcus Lamb & Friends," and our special night to honor and support the nation of Israel with "Loving the Land."

Of course, none of this would be possible without the generosity and support of our amazing partners all around the world. Because of your heart for the world, we are able to carry the hope of the Gospel to lost and hurting souls. Thank you for choosing to partner with Daystar! We believe that, together, we can reach this world for Jesus!

Dear Partners & Friends,

What a great **Heart for the World** we had! In fact, it was a record breaker. Joni & I are so thankful for everyone who watched, prayed, and gave.

I want you to know that every pledge, whether large or small, is very important! Your pledge is important to God, important to Daystar, and important to Joni & me. So I want to express a huge **THANK YOU** to everyone who pledged during **Heart for the World**!

Because of people like you, Daystar is taking the **good news** of the gospel into every city in America and every country in the world! So **Daystar Partners** are literally helping to fulfill **Bible Prophecy** and **The Great Commission** in Mark 16:15 where Jesus said, **"Go into all of the world and preach the gospel to every living creature."**

I hope you got to see some of the **live** remote broadcasts that Daystar has done recently.

Joni & I, and the Daystar Singers, ministered for **Pastors David & Nicole Crank at Faith Church in St. Louis, Missouri**. They have 18,000 members, and we had the opportunity to broadcast that service live on Daystar. And we also ministered for **Bishop Dale Bronner at Word of Faith Family Cathedral in Atlanta, Georgia**. They have over 10,000 members.

On Thursday, **March 31**, we will be ministering for **Pastor Bill Winston at Living Word Christian Center in Forest Park (Chicago), Illinois**. If you live in the Chicago area, please come to the service. If not, watch on Daystar because we are going to broadcast it **live**.

In April, I am going to preach for **Bishop T. D. Jakes** at his Ministers & Leaders Conference in **Orlando, Florida**. There will be 10,000 people there. So please pray for me since it will be intimidating to preach in front of Bishop Jakes because he is such a great preacher!

If you enjoyed the CD/DVD of **Marcus Lamb & Friends**, please let us know. I was so blessed to play the piano on **"I'll Fly Away"** and sing on **"When He Reached Down His Hand For Me."** But my favorite song on the album is my Joni singing **"When We All Get To Heaven."**

It took faith to make your pledge to Daystar. But it takes obedience to pay your pledge. Isaiah 1:19 says, **"To him that is willing and obedient, they will eat the good of the land."** So paying your pledge is the real key to reaping God's blessings in your life & family.

Blessings,

Marcus D. Lamb  
Founder & President, Daystar Television Network

P.S. Be sure and enclose your **Prayer Requests** and we will pray!

"Daystar is awesome! I start watching at 5:00 a.m. until I leave for work, and really love 'Joni Table Talk,' 'The Potter's Touch,' and James Robison. When I get home in the evening, I continue to watch Daystar until I am ready for bed. Marcus and Joni are so anointed and humble; I just love them. I admire the way they give to other ministries, as well as help Israel. May the Lord continue to bless Daystar as you spread the gospel of Jesus around the world."

– Yvonne from Freeport, Bahamas

"I would just like to thank you all for agreeing with me for my husband and his job situation. He was terminated at no fault of his own last week, and was notified today that the decision was overturned and he could return to work on Monday. God said no, even though the enemy tried to destroy his name, reputation, credibility, and exemplary work history for the past 10 years. We stood on the Word of God in faith and allowed Him to be the 'I Am' in our situation. Glory to God!"

– Kenyetta from Alamo, Georgia
