From Joni's Heart...

I am so grateful for all of our wonderful partners here at Daystar. Not only have you donated money toward John Paul Jackson's medical fund, but your frequent, faithful prayers have helped carry our dear friend through the darkest valley of his life! Recently, John Paul made his first public appearance post cancer surgery on *Marcus and Joni*. He shared about his experience battling cancer and how even though he wasn't hearing from the Lord during that season, he continued to have faith, no matter how bleak his situation became. His testimony is incredible! He also shared more about his experiences on a recent episode of *Joni Table Talk*, and encouraged viewers to trust God in the midst of life's difficulties. To watch these episodes, visit Daystar.com/JPJ.

If you are facing a trial or serious situation in your life, and you're not sure where to turn next, don't give up! You can trust your uncertain future to an all-powerful God. Proverbs 3:5-6 says, "Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will direct your path." Trust God to lead you through your valley, and cry out to Him in your darkest hour. When you choose to put your faith and trust in Him, He will always direct your path. And if you need prayer, remember you can always call our prayer partners, 24 hours a day, 7 days a week, at 1-800-329-0029.

YOUR PRAYERS WORKED! JOHN PAUL JACKSON HEALED

When John Paul Jackson was diagnosed with cancer earlier this year, we asked you, our partners, to pray for his healing and also consider donating toward his medical expenses. Since that time, together we have raised over \$34,000 toward

John Paul's medical fund! John Paul is doing much better now, thanks to your prayers, and is on the road to recovery. "I'm doing really, really good," says John Paul Jackson. "I'm walking 1.5 miles every single day, and I'm doing so because of the faithful prayers of the Daystar

partners, and because you guys have lifted the financial worries off of my back."

Thank you partners for your generous hearts and willingness to give – you have truly been a blessing in John Paul Jackson's life!

SPOTLIGHT devotional

by Alan Bullock

We constantly express ourselves through our actions and conduct - and even by our body language. Just as our natural posture conveys various emotions - such as pain, joy, love, contentment - our spiritual posture, such as our willingness to partner in spreading the gospel, also "speaks" to those around us that we practice the laws of charity and possess a zeal for souls. The more spiritually sensitive we are to the Lord's leading, such as showing charity, the more joy we will feel. Jesus, as in all matters,

<< Biblical Posturing – Growing in Charity and Zeal for Souls >>

Romans 8:29

is our example. Christ-like posturing - which is to say Biblical posturing - clearly shows Jesus doing great deeds of charity (Matt. 19:21; 25:41-46). He wants our joy to be full as well —he sees people hurting, he wants to heal them. He hears the cries for help and he longs to ease the pain. As we earnestly seek to become like Him, the Holy Spirit comes alongside us and teaches us to become more open, attentive, and responsive to God (Jn. 14:16). God calls, we respond. Biblical posturing causes us to ask hard questions—what more does God require of me? St.

Thomas Aquinas guides us here when he said, "The perfection of the Christian Life consists in charity, first and foremost in the love of God, then in the love of neighbor" – in other words, Christ-like posturing is spreading the Gospel, becoming the Good Samaritan. Thank you partners for planting financial seeds into Daystar Television and helping us reach a world badly in need of the love and mercy that only Christ Jesus can bring.

GOD STILL HEALS!

As many of you know, John Paul Jackson, frequent Joni Table Talk guest and host of the show, *Dreams and Mysteries*, was diagnosed with cancer earlier this year. The diagnosis came as a complete surprise - John Paul had been living a very healthy lifestyle, watching his diet and regularly running 5 miles a day. However, one morning in February

he set out for his usual run, but had to stop halfway through due to the overwhelming pain in his leg. He noticed a lump on the back of his leg, about the size of the palm of his hand, and decided to go to the doctor. After several tests, the doctor promptly informed him that he had a soft tissue sarcoma, and that the cancerous tumor was very aggressive.

Usually when someone receives a diagnosis such as this, the prognosis isn't good. However, God had other plans for John Paul Jackson. He recently underwent major surgery to remove the tumor which, by that point, had begun to press against his sciatic nerve, causing excruciating pain. When the tumor was removed, it was approximately the size of a nerf football and weighed 12 pounds. The doctors told him that he may not be able to walk again after the surgery, but God had a different prognosis. Just four days after

the surgery, John Paul Jackson walked 1.2 miles without a cane or a walker! The doctors were all amazed by his quick recovery and said they had never seen anything like it in all their years of practicing medicine. What a powerful witness and testimony to God's incredible healing power in John Paul Jackson's life! Throughout this entire ordeal, John Paul never once heard God's voice concerning the situation - no dreams, no prophetic words, nothing but silence. Through this experience, he was forced to trust and rely on God for everything, having faith even when he couldn't hear God's voice or understand why everything was happening. Psalms 23:4 says, "Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me." He kept expecting God to take him out of the valley, to protect him from it, but instead God took him through it, bringing him safely out on the other side.

Today, he is doing much better. He recently went in for a blood test and the doctors were unable to find any traces of cancer in his body! Praise God for healing John Paul Jackson, restoring him to health and equipping him for the road ahead!
