Favor and Growth
MARCUS LAMB

"I love watching 'Empowered by the Spirit' from my little home along the Pacific Coast Highway in California. Every time I hear Marcus preach, I find myself parading around my living room lifting my hands in praise! There are so many amazing preachers on Daystar, but Marcus' knowledge of the scriptures has truly blessed my life. Thank you from the bottom of my heart for your passion to share God's Word through Daystar!"

Brad from California

HOPE AFTER HARVEY

WITH JEREMY FOSTER

Q: Both you and your wife, Jennifer, feel like God called you to Houston, Texas. Briefly describe that journey and how God led you to where you are today.

A: I come from a family of cowboys and preachers, so I'm pretty sure God made me for Houston, Texas. In 2014, Jennifer and I couldn't stop weeping over this big, amazing city. According to a recent Rice University study, Houston has surpassed New York City as the most international city in our country, with over 6 million people in the Greater Houston area. Right at 1.8 million of them say that they have no connection to God at all. That's more than the population of many entire states. The need for Jesus here is so is intimidating, but the calling of God is unstoppable. In January of 2015, we stepped out in faith and poured everything we had into starting Hope City. Our prayer was that Hope City would impact generations of believers and ignite them to spread the hope of Jesus like wildfire. Since January of 2015, we've seen a little over 10,000 people give their lives to Jesus. That sounds amazing, but when you put 10,000 beside 1,800,000 you realize how great the battle before us is. Our God is able!

Q: As the Pastor of a large church in the Greater Houston area, you've had your hands full meeting the needs of your community in the aftermath of Hurricane Harvey. Describe the ongoing relief efforts over the last several months.

A: As soon as Harvey hit and we realized the extent of this catastrophe, our team immediately went out and began the rescue phase of our Emergency Response Plan. We sponsored 6 airboats that could navigate through the waters and sent them with \$100 grocery gift cards to give out to victims who had lost everything. These guys were amazing. Adam and his crew of boats rescued 577 people. Once it was safe to enter into homes, we began our relief phase. More than 2,000 members of our volunteer team served 50 different shelters across Houston. We've had well over 40 home restoration projects completed by our teams and many more that we've been able to do through partnerships with other churches and organizations. We ran a 20,000 sq ft warehouse that served the community as a collection and distribution center. Currently, we are entering our recovery phase as we work to rebuild our city and the surrounding communities. We've provided more than 600 backpacks and school supplies for children who lost everything and fed more than 10,000 hungry people. We are currently working to bring in materials for families in the construction process. This won't be easy, but it's not impossible if we continue to stand united.

Q: It can be overwhelming to see the devastation left behind and still have hope. How has God personally encouraged you in the midst of so much tragedy?

A: Seeing so many pastors and churches stand together, arm in arm, in this city has brought so much hope to my heart. When the rain falls, the church rises! Even in the midst of pain, I've felt hope rising more than ever before. I talk to pastors every day now because of the flood that I would probably never have had the opportunity to know. I've praying for unity and revival and a hurricane came. But the last time I checked, if God can use a lion's den and a fiery furnace to change a nation, then a hurricane doesn't stand a chance. When pastors stand united, not even hurricanes can stop us.

Q: Daystar recently gave over \$600,000 toward hurricane relief efforts to strategic partners on the ground, including Hope City. Describe how that donation has provided much-needed supplies to those impacted by the storm.

A: Just a day or two after the storm hit, Marcus called and said, "We want to help." It was so encouraging to know that not only were Marcus and Joni praying for us, but our entire Daystar family was standing with us. Partners who give to Daystar can trust that the money is getting into the hands of the most oppressed and forgotten. Our giving filter involves reaching the least of these, including children, the elderly, and single moms. We've been able to immediately put supplies and resources in the hands of those who were getting covered up in red tape through government and insurance programs. With the money that Daystar sent, we have also helped several churches get back on their feet.

By standing together, we've been able to help so many more people than we could ever have done alone. We're better together! Thank you, Daystar.

Q: As the clean-up and rebuilding process continues, what is your hope for the future of the communities devastated by Hurricane Harvey?

A: I continue to pray and believe that our communities and our city will recover, rebuild, and rise again - stronger than ever before. We are living in a new normal. Houston experienced a love like I've never seen. I believe this is just the beginning for what we will see as God pours His glorious power over this city and ignites an awakening that will shake the world.

I'VE FELT HOPE
RISING MORE
THAN EVER
BEFORE.

Why does God allow tragedy?

Pastor Jeremy answers at Daystar.com/JeremyFoster

THE KEY WILL ALWAYS BE *Love*

As you read through the Bible, it's clear that God has a special place in His heart for orphans. As a loving Father, He longs to protect, defend, and provide for them through the Body of Christ. So when Daystar was presented with an opportunity to bless 90 orphans in Moldova, it was our honor to partner with God through an organization called The Orphans Hands to see lives transformed for eternity.

Founded by Philip and Chrissie Cameron, The Orphans Hands goes into one of the darkest nations in the world and turns on the "Light" through the power of the Gospel. It seems only fitting that they've now acquired six houses in a one-time commercial property known as Vatra Village. Through this property, orphans once targeted by sex traffickers, condemned to a life of suffering and abuse, will now have a place filled with the light of God's love to call home.

To further assist The Orphans Hands, Daystar gave a \$100,000 foundational gift to renovate the first home. In a few short months, The Daystar House will be a place of refuge for children who will only add to the growing flame in Moldova as a fire is ignited in their hearts for Jesus.

Together, we are reaching into their despair to bring hope and healing. But there is still so much more to do. With additional properties to renovate, we need your help. Using the enclosed form, you can make a special donation to empower Daystar's efforts to support The Orphans Hands. United as one, we can continue turning on the "Light" in Moldova, ensuring that children once fatherless become sons and daughters adopted into a loving home.

With so much attention in our culture focused on the issue of gender identity, I felt led to dive deeper into this subject on *Joni Table Talk*. There's no shortage of confusion and controversy when it comes to how the Church should address this topic, so I brought in some experts to talk about it.

November 27-30, you'll meet people who have personally experienced the pain caused by gender confusion, as well as the redemption available to them through the blood of Jesus. As a believer, if you've ever had questions about this issue and how to biblically address it with others, these are must-see programs.

Through the stories shared by Walt Heyer, David Foster, Joe Dallas, Dennis Jernigan, and others, you can discover how to establish an open dialogue that will enable you to speak the truth in love. See the dramatic transformations as our guests share how they encountered God's heart and went from crippling feelings of fear and insecurity to walking in the fullness of Christ.

God never ceases to amaze me. But as I listened to those whose lives have been touched by the issue of gender identity, I was overwhelmed by His relentless pursuit of us all. Through the power of the Cross, He longs to redeem those trapped by confusion and pain. My hope is that you'll tune in for this special *Joni Table Talk* series and get answers and insight that will lead you to share God's love and see lives transformed.

November 2017

Dear Partners & Friends,

What a great fall **Heart for the World** we had! Joni & I want to thank you from the bottom of our hearts. Because of you, the good news of the Gospel will continue 24 hours a day, 7 days a week, into every city of America and every country of the world - including **Israel!**

During *Heart for the World*, your Daystar made history! The head Rabbi of the Western Wall gave permission for Daystar to be the first Christian TV network to broadcast "live" from the Western Wall! And he did an interview with us. This is the **favor of God** for eleven years of broadcasting the Gospel into Israel. And for all of the millions of dollars that Daystar has spent in Israel for humanitarian work there.

There is a **blessing for blessing Israel!** So if you have ever made a pledge for Israel, and you haven't paid it yet, I encourage you to complete that pledge. That way you can be insured that the blessing will come.

God Himself said in **Genesis 12:3**, **"I will bless those, who bless you (Israel)."** God will keep His promise because God cannot lie.

So if you haven't been paying on your Israel pledge, start back today. You will be so glad you did! And that blessing will not only come upon you, but upon your children & grandchildren.

Speaking of grandchildren, **Israel Elisha Lamb** turned 5 last month! He is a big boy. And his little sister, **Arielle Isabella Lamb**, will turn 2 on November 2nd. She is so pretty.

And last month, **I turned 60!!!** I can hardly believe it. When I was little, I thought 60 was old! But now I think it is middle-aged.

Your Daystar continues to grow and expand around the world. Daystar just launched on **Airtel in Africa** on 50 million phones! And Daystar launched on **GSat in the Philippines** to 1.2 million subscribers. Plus, Daystar launched on **Digicel - Sky Pacific** to several South Pacific countries.

Every Daystar Partner is a **"part of"** reaching these countries with the Gospel!

*****What can we pray with you about today?** You are important to God and important to us. To prove that, not only do we pay for your phone calls when you call for prayer, but we pay people full-time to pray over your prayer requests. So please use the enclosed card to write your **prayer requests** down and send them to us at Daystar. And we will pray!!!

Yours For Christian Television,

Marcus D. Lamb
Founder & President, Daystar Television Network

P.S. Thank you for being faithful your to your pledges!!!

"My wife and I have had the joy of fostering a baby boy over the last year and it's completely changed our lives! It didn't take long for us to decide we wanted him to be a permanent part of our family, so we began a journey through the complicated adoption process. Every time I felt discouraged, I would pick up the phone and call Daystar for prayer. I'm so happy to report that the judge recently granted the adoption, and this sweet baby boy is now ours! Thank you for standing with us!"

Andrew from Arkansas

"I was recently hurt by a dear friend and thought I had dealt with the pain, but as the weeks passed, it became clear that I needed help. I prayed, asking God for wisdom and it unexpectedly arrived one day while watching 'Joni Table Talk.' Joni's guest that day had experienced a situation similar to mine and shared insight that completely changed my perspective. I realized that I needed to forgive my friend and asked God to help me. He did, and now I'm totally healed!"

Gladys from Tennessee
