Calling All Grandmas  
MARCUS LAMB

*"I have been watching Daystar for about two years now, and you all have been such an inspiration to me. I watched it with my daddy last January, not realizing he was going home to be with the Lord the next morning. When I left his room that night, I left the TV on with Marcus preaching. Whenever I am worried, sad, or depressed, there is always someone on to help me through it. I also know I can call a Prayer Partner to pray with me anytime I need it."*

# CELEBRATING 70 YEARS OF ISRAEL

WITH RABBI JONATHAN CAHN

**Q: This month, Israel celebrates 70 years since it was re-established as a nation in 1948. What makes this particular milestone so significant?**

**A:** Anything with Israel is significant as it stands at the center point of biblical prophecy, but the period of 70 years is particularly significant. Seventy years is one of the time periods in the Bible linked to a generation or lifetime, and 70 years has also been especially critical in the history of Israel. When Israel was taken captive into Babylonian Exile, it was prophesied to last for a period of 70 years. From the time the Temple was destroyed to the time of its rebuilding it was also a period of 70 years. Now we're approaching 70 years since the rebirth of the nation of Israel. We never want to put God in a box, but the combination of the time period and the events they relate to certainly gives us reason to take note.

**Q: What other current events in Israel are now aligning with Scripture to fulfill prophecy in these last days?**

**A:** Every day that Israel survives is prophetically significant and leading up to the scenario given in end-time prophecy. The fact that much of the Middle East still seeks Israel's destruction is also critical. Beyond that, the Bible says that all nations of the world will come against the tiny Jewish nation. The fact that this is virtually the case today, the fact that the United Nations has again gathered to condemn Israel (particularly over the issue of Jerusalem) is precisely in alignment with end-time prophecy. On the positive side of prophecy, every day Israel is reclaiming deserts, planting trees and forests, rebuilding ancient cities, and making the deserts bloom. On top of that, the final piece of end-time prophecy is the return of the Jewish people to the Messiah. That too is moving forward as more and more Jewish people (and Israelis) are coming to receive and follow Yeshua, Jesus, as the long lost Messiah of Israel.

**Q: Recently, the United States officially recognized Jerusalem as the capital of Israel. What makes that decision so spiritually significant?**

**A:** America's recognition of Israel was nothing short of seismic. It shook the world. It was the first time that any major power had specifically recognized Jerusalem as the capital of Israel in modern times. In fact, the last power to recognize Jerusalem as the capital of Israel was the Roman Empire! It only heightens the conflict over Jerusalem as prophesied in Zechariah 12. The nations of the world responded by condemning America. This global conflict over a tiny, geographically insignificant city of rocks is only more striking evidence that the Bible

is the Word of God and that end-time prophecy is coming to fulfillment.

**Q: As believers, why is it so important that we pay attention to the "signs of the times" as it relates to Israel and the world?**

**A:** The Lord commanded us to. Elijah had to know the signs of the times in order to fulfill his calling. Paul had to know the signs of the times in order to fulfill his calling. And as end-time believers, we must certainly know the signs of the times in order to fulfill our calling - for such a time as this. We need to be alert, vigilant, and as watchmen on the walls looking for the approach of the dawn. And as in the Hebrew wedding, the bride eagerly and in joyful expectation looks into the distance for the first signs of her bridegroom's approach - so must we.

**Q: What are some practical things believers can do to support Israel and get in agreement with God's plan concerning this nation of promise?**

**A:** The Bible tells us to pray for the peace of Jerusalem, so we must continually lift up the nation of Israel in our prayers and show our love in practical ways by blessing the nation of Israel with support, help, and works of compassion. We must also stand in support of Israel, ready to defend her against the attacks of the world. Remember that the greatest gift we can give the Jewish

people is the gift they first gave to the world: Messiah Jesus, the Gospel of salvation, eternal life! We must not only support those ministries getting the Gospel to Israel, but we must ourselves give that Gospel. It is the salvation of the Jewish people, more than any other fact that will usher in the coming of Messiah.

**Q: What would you say to encourage believers as we draw closer to the fulfillment of end time prophecy and the return of Christ?**

**A:** If you could only watch one fifteen minute segment of a movie, which would it be? It would be the last fifteen minutes! So it is with the end-times: these are "the last fifteen minutes." God is on the throne. The ancient prophecies are coming true before our eyes. We are on the winning side. The Kingdom is coming. And even better than that, the King is coming! What more exciting could there be to live in but that? If the dark is getting darker, then we are to grow brighter. If the times are ungodly, then we have the high honor of standing with Messiah for such a time as this - as did the apostles. For those who will live uncompromised, all out, and on fire for Him, He will show Himself mightily and these will be for them, despite the world, the most glorious of times.

**“THE KINGDOM IS  
COMING. AND EVEN  
BETTER THAN  
THAT, THE KING  
IS COMING!”**

# TRANSFORMING OUR WORLD Together

As we draw closer to Christ's return, the words of the prophets are unfolding in the world around us. In the Old Testament, Ezekiel foretold of a time when God will gather His chosen people and bring them back to the Promised Land. **At Daystar, we believe that time is now!**

Our spring *Heart for the World* recently ended and I'm so grateful for all we accomplished together! Through the support of our many partners and the powerful encouragement of our guest speakers, we are transforming the world. As our friend and dynamic preacher, Dr. Juanita Bynum, said during her message, "The seed you have planted will produce life!" Because of you, darkness and despair are being uprooted as the light of the Gospel is sown into the fertile soil of broken and hurting people across the globe. Through your faithfulness, we are truly seeing hope bloom and lives restored. I can't thank you enough for sharing our *Heart for the World*!

April 2018

Dear Partners & Friends,

What a great **Heart for the World** we had!

Joni & I, the Lamb family, and the entire Daystar team want to thank you from the bottom of our hearts for your participation. Tens of thousands of people from across America and around the world were so gracious to pledge.

I want to hear from my **Grandmas Club!!!** I really need you. All you need to do to be an official member of my Grandmas Club is to promise to pray for me when you think of it. I need the prayer, and you need the practice. Ha!

No, seriously, I really do want you and need you to pray for me. I want to **finish strong...** Intercessory prayer is a very powerful force. Prayer can make a huge difference. So I want to thank you in advance for praying for me.

And this is not just one way! I know you need prayer too, so I promise to pray for all of the members of my Grandmas Club because you are very special to me.

And I want all of our partners and friends to be in special prayer for our youngest daughter, Rebecca, and her fiancé, Jonathan Weiss. Their wedding is set for **May 18. Pastor Jimmy Evans** will be officiating. And of course, I am the proud Daddy who gets the high honor of walking Miss Rebecca down the aisle!

I hope you got to see the documentary special about **Billy Graham** that we showed several times. It was called, **A Life Remembered**. What a great Man of God he was! He will be greatly missed. And we showed his **funeral service** three times. (I hope you got to see it.)

Your Daystar continues to grow and expand around the world. If you aren't getting Daystar in **HD (High Definition)**, call your cable or satellite TV provider and request that they carry Daystar in HD. And write that request on your bill each month until they do and ask your friends to do the same thing. It can make the difference in the TV companies deciding to carry Daystar in HD. It is like casting a vote in an important election!

Thank you for being faithful this month to your **Heart for the World** pledge!

Yours For Christian Television,

Marcus D. Lamb  
Founder & President, Daystar Television Network
