THANK YOU!!!

Dear Partners & Friends,

Joni & I, and the entire Daystar Team, want to thank you from the bottom of our hearts for your response to ***Heart For The World***.

Heart For The World is our fundraising time to continue the worldwide outreaches of Daystar. It is **vital** to keep sharing the good news of the gospel 24 hours a day into every city of America and into every country of the world, including **Israel**.

For **HFTW**, we had three new guests: **Pastor Shane Warren** from **West Monroe, Louisiana**, **Pastor Jim Raley** of **Daytona Beach, Florida**, & **Bishop Liston Page** of **Patterson, New Jersey**.

And we made history by going live from the Golan Heights in Israel with the 188 Division of the IDF (Israeli Defense Forces) and raised money for special sunglasses that they need. This was approved by the Israeli government. Last year, Prime Minister Benjamin Netanyahu personally asked Daystar to do a documentary about the Golan Heights, which we did. So going live from the Golan Heights was a result of the influence gained from doing the documentary.

When I was praying today about this letter, the Lord spoke to me to share on **“faithfulness.”** As we are faithful to God, He will be faithful to us. When we make a commitment to God, it is so important that we keep it. It's not that God needs our money, but that we need His blessing.

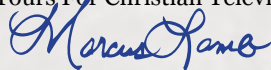

The Bible says that Abraham's works and obedience were counted to him as righteousness. And Isaiah 1:19 says, **“To him that is willing and “obedient,” he will eat the good of the land!”**

I want to see the blessings of God be great in your life and family. Psalms 37:5 says, **“Commit your way to the Lord, and He will bring it to pass (the desires of your heart).”** So if you want to see the “desires of your heart” come to pass, then you need to keep your “commitments” to the Lord.

So if you have ever made a **Sharathon** pledge, or a ***Heart For The World*** pledge, then I want to encourage you to be **faithful** to that pledge because it was a **commitment** that you made to God. If you do, then God will be faithful to you!!!

Joni & I want to thank you in advance for sending in your pledge. I am excited about hearing what the Lord does for you as a result of your **faithfulness** to God's work!

Yours For Christian Television,

Marcus D. Lamb
Founder/President

P.S. Make sure and send in your
Prayer Requests!

“I sent you a prayer request for social anxiety that I was experiencing from going back to church after a long absence. I’m happy to report that God has answered my prayer! The social anxiety is gone. The difference is like night and day. The PDF you sent me on strongholds was very helpful. I began praying against that stronghold in my life and now it’s gone! I no longer feel inferior to others or worry about them judging me. Thank you for your prayers! God bless you all!”

From Joni's Heart...

As many of you know, our dear friend John Paul Jackson has recently been diagnosed with an aggressive High Grade cancerous tumor in his leg. We are praying that the cancer will not spread to

the bone or to any other part of his body, but, since the tumor is aggressive, he has opted to begin radiation therapy treatment and then surgery. Sometimes it is hard to trust that God has a plan when unexpected things happen, but we are standing with John Paul Jackson in believing for a miraculous healing, whether it be instantaneous or through medical treatment. Whichever way God chooses to heal, John Paul's prayer is that God will be glorified through the situation.

John Paul Jackson has been a long time friend of Daystar, and we are praying for God to completely heal his body, restoring him to full health. *The power of prayer is incredible, especially when we, as the body of Christ, come together and bring our prayers and petitions before the Lord.* Please join us in praying for John Paul Jackson's healing, and for his strength as he continues to undergo treatment. For more information on the situation, and for ways in which you can give towards John Paul's medical expenses, visit Daystar.com/JPJ

SPOTLIGHT devotional

by Alan Bullock

When the trials of life attempt to steal one's freedoms of security, health and happiness, we must remember as believers—Christ, through the cross has already provided us with a heavenly "survival kit" in which we can dip into when we are in need of forgiveness, healing, and power to combat negative feelings. The Bible, Heaven's Survival Kit is filled with Scriptural Antidotes and God-Remedies to aid the believer back onto the road of freedom and wholeness. Deep down we know we were created to live free from ever Giving In or Giving Up on this earth, because Rom 8:38 says that

<< The Heavenly Survival Kit >>

"...in whom you also are being built together into a dwelling of God in the Spirit" Ephesians 2:22

we are MORE than conquerors through Him that loved us. The most important question in one's life is not are we happy, but are we truly free? Real freedom comes as we find out who we are in Christ, and find joy within the radius of His will for our lives. Freedom comes as we learn to become a "habitat of God." Just as every church or synagogue has a sanctuary, we are free when we too become sanctuaries, transparent and surrendered; a place where God is pleased to dwell. It is this union with Him, as His children, which keeps us united with His ceaseless mercy. This depth of freedom only comes as we enter behind the veil into

the holy of holies where our defects and flaws are traded for His righteousness and glorious possibilities. There His covenant of grace and mercy removes the naked vulnerability of mortality, and covers us with His transcendent, eternal, glorious cloak of freedom. All other avenues such as self-indulgence, self-rule, and self-centeredness are ceaseless experiments to find freedom, but they only lead to a life that is disconnected from God.

America celebrates freedom. Remember you have been set free by the love of Christ!

FROM TRAGEDY TO TRIUMPH

INTERVIEW WITH DAVE ROEVER

Why did you decide to create *Tragedy to Triumph*?

I have been on television, off and on, for many years. But, most recently, in the past 15 years, my work with the military has skyrocketed. It has been a desire for me to get the message out to the American people relating the struggles (tragedies) as well as the victories (triumphs) that our brave men, women and families of the United States Military face day in and day out.

What is your favorite part about *Tragedy to Triumph*?

All of it! It's hard to single out my favorite part because whether it is an episode with me sitting with guests or just me by myself, what I know is that everything the viewer sees is real, raw, and from the heart!

In sharing your story across the country, what has been one of the most memorable presentations you have given?

God has truly given me so many great opportunities to share my experiences with the best audiences out there. I've shared one on one with President Reagan, sitting in the oval office; I've shared my story in large stadiums with 50,000 plus people; I've sat in hospital rooms with the wounded at Brooke Army Medical Center and shared my life with a warrior who has returned home feeling helpless and hopeless; each one is memorable in it's own special way!

How has relying on God through all the difficult times made a difference in your life today?

Hands down, I would not be here if I hadn't had faith in God! I love my wife and she was the second biggest reason I made it, but God has and continues to be my healer, my

strength, my everything! I don't know where people turn who do not have a relationship with God and I couldn't go on if for any reason that was taken away from me.

Tell us a little more about Operation Warrior RECONnect. What was your main reason for starting this program, and how has it positively impacted the lives of wounded warriors?

Operation Warrior RECONnect was started in an effort to give hope to otherwise hopeless warriors. We conduct our OWR sessions at either one of our Eagles Summit Ranches, one in Colorado and one in Texas, or at various other locations we use as the need arises. During these sessions, we teach the warriors that life isn't over simply because they were injured. We equip them with the tools necessary to live productive lives. One aspect I am most excited about is we set before them examples of marriages and families that have survived traumatic injury. So many families fall apart after coming home from war and we are working hard to help them understand that their families can be saved. We have seen this lived out in the lives of these warriors who are still together as a family unit, working through the challenges and succeeding. Many of the warriors who have been through our program are out preaching the gospel, sharing their message of tragedy turned into triumph!

With the 4th of July coming up, what are some of your favorite 4th of July traditions?

Well, I have a really unique tradition. It almost always involves me traveling to some location and speaking for a 4th of July event! With my military injury and background, 4th of July, along with Memorial Day, Veterans Day and other patriotic celebrations, is one of the most sought after days on my calendar. I love it! So, while everyone else goes back to work on July 5th, that's the day I fire up the BBQ grill and go to the lake!
